

# ENVIRONMENTAL AND PRODUCT SAFETY DATA SHEET

**Product**

Cake cases

**Raw Material**

Greaseproof paper

**Packaging**

Inner: Polybag PP

Outer: Corrugated board boxes

**Field Of Application**

Cake cases for baking up to 220°C.

When used for muffins and cupcakes, please use a supporting tray.

**EC Directive 94/62/EC on Packaging and Packaging Waste**

The packaging complies with all essential requirements as defined by 94/62/EC.

For example minimum adequate amount of packaging, limitation of heavy metal content, recyclable through at least one of the following: reuse, material recovery, energy recovery or composting.

**Environmental Aspects****Product**

The paper is made of ECF-pulp (Elementary Chlorine Free), i.e. the bleaching process does not involve any chlorine gas.

**Packaging**

Polyethylene is refined from mineral oil or natural gas.

The polymer consists simply of carbon and hydrogen.

The corrugated board is based on recycled fibres.

**Product Safety**

The products fulfill the following:

- EU Regulation 1935/2004/EC
- EU Regulation 2023/2006/EC
- BfR, Bundesinstitut für Riskobewertung, XXXVI, where paper, cardboard and cartons as food packaging are regulated.
- The paper is made from virgin fibres, in order to be used in contact with foodstuffs.

**Management Of Used Products****Energy Recovery**

All the materials are suited for energy recovery. Complete combustion gives mainly rise to carbon dioxide and water. The energy content of plastics/paper is comparable to that of oil/ wood.

**Recycling**

Recycling of the plastic and the corrugated board is possible for producing new products. Check with the local recycling company.

**Validity**

This is a copy of a document issued 2021-02-24. It is normally updated every second year or when there is a change in the manufacturing process, in the product or in legislation. To make sure that you have the latest edition, contact Duni AB, Environmental Affairs.
