

Declaration of Compliance

| Description | Material | Article Number |
|------------------------|-----------------------------|----------------|
| <i>Paper placemats</i> | <i>Paper (virgin fiber)</i> | 210283 |

Field of Application

The products are intended for enhancing the meal and serving environment.

Duni declares that the article meets the requirements of:

- Article 3, 11(5), 15 and 17 of Regulation (EC) No 1935/2004 (Framework regulation)
- Regulation 2023/2006/EC (GMP)
- LFGB (Lebensmittel- und Futtermittelgesetzbuch, Germany Regulation).
- Recommendation No. XXXVI. for papers, packages and paperboards for the contact with foodstuffs of German Federal Institute of Risk Assessment (BfR).
- The dyes do not contain heavy metals such as mercury, cadmium and lead or hexavalent chromium.
- Dyes and printing inks are tested according to EN 646 (Determination of colorfastness of dyed paper and board) and has been found to have good fastness.

PFAS (per- and polyfluoroalkyl substances) are **not** being used in any step of the manufacturing of the products covered by this document.

Analysis of the material performed by an independent institute shows the tested samples meet the requirements mentioned above when used within the field of application.
