Declaration of Compliance

Description	Material	Article Number
Evolin™ Slipcovers, Table covers, Tête á Tête, Banquet reels and Placemats	*Evolin*	231

Field of Application
All products described in this document can safely come into contact with all kinds of food. However, due to the nature of fiber materials, it is not recommended to use the products made from this material to keep very moist food since material strength will be lost.

The material should not be used for heating food in a microwave oven.

Duni declares that the article meets the requirements of:

- Article 3, 11(5), 15 and 17 of Regulation (EC) No. 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food (Framework regulation).
- Commission regulation (EC) No 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food (GMP regulation).
- Lebensmittel-, Bedarfsgegenstände und Futtermittelgesetzbuch (LFGB) of 20. December 2022.
- German BfR Recommendation XXXVI. Paper and board for food contact (BfR - German Federal Institute of Risk Assessment).
- Order No. 681 of May 25 (2020) from Danish Ministry of Environment and Food on ban of per- and polyfluoroalkyl substances (PFAS) in paper and cardboard food contact materials.
- Dutch Warenwet VGB 2014-03
- Swiss Ordinance No. 817.023.21 on Materials and Articles in contact with Food from 23rd November 2005 (Swiss Consumer Goods Ordinance).

PFAS (per- and polyfluoroalkyl substances) are **not** being used in any step of the manufacturing of the products covered by this document.

Analysis of the material performed by an independent institute shows the tested samples meet the requirements mentioned above when used within the field of application.
